

SPECIALTY PROGRAMME

sKids Active!

Our dynamic sports programme gets kids moving! It also encourages them to participate and helps them develop sports skills.

sKids Active!

- sKids Active includes an exciting range of sports and physical activities, including orienteering and confidence courses.
- The programmes cater for all ages, skill levels and weather conditions.
- Each session focuses on developing life skills through sports skills.
- Students learn the value of well-being and how to achieve it.

sKids Active develops physical skills and gives kids the opportunity to discover their favourite sport.

kiwi Kids Education Foundation

We all know that whilst NZ is a great place to live, this statement is not true for everyone which is why we setup the Kiwi Kids Education Foundation.

Kiwi Kids Education Foundation is a charity dedicated to giving back to the community in all sorts of ways from supporting a sKids family struggling to put food on the table to donating funds to a fire-damaged school.

More recently, the Foundation gave \$10,000 back to Primary Schools through our FoodStorm Programme. We wanted to take action and help reduce childhood obesity by teaching our kids healthy eating and cooking habits.

Through the Kiwi Kids Education Foundation, little by little we are changing the world for our kids and their families.

INFORMATION FOR PARENTS

Kia Ora and Welcome to sKids!

We are a family of families dedicated to growing awesome kiwi kids. We offer affordable out of school care to primary school children at our 165+ sKids centres across New Zealand. More than 6,000 tamariki come through our doors each day and we consider it a great privilege to support you as parents.

Why sKids?

- Kids love our engaging programmes. They participate in adventurous, creative activities and good old fashioned play.
- Our staff, many of whom have backgrounds in education or long careers working with children, complete a specialised training programme and are police vetted.
- All sKids centres are MSD OSCAR Approved allowing parents to access the Work & Income OSCAR Subsidy for up to 20 hours per week for Before School and After School Programmes, and up to 50 hours a week for Holiday Programmes.

SPECIALTY PROGRAMMES

- We also offer Speciality Programmes including Cooking, Sports and Music. Check with your local sKids centre to see if these programmes are on offer near you.

KIWI KIDS EDUCATION FOUNDATION

- We all know that whilst New Zealand is a great place to live this statement is not true for everyone. So we setup Kiwi Kids Education Foundation, a charity that gives a hand to sKids families/community in times of need.

SPECIALTY PROGRAMME

Cooking with FoodStorm

Served with loads of fun, this programme teaches kids how to cook as well as the fundamentals of nutrition.

Cooking up a storm!

- Cooking is an essential life skill that all children should learn, but working parents often don't have enough time to teach their children how to cook. FoodStorm reintroduces important skills that are being lost.
- FoodStorm teaches children how to make healthy choices, plus all the recipes have been developed by LittleCooks with support from the New Zealand Heart Foundation.
- Kids have fun and gain confidence through developing a new and important skill. It's a proud moment when your child can serve you dinner!

FoodStorm equips kids with an essential life skill and teaches them how to make healthy food choices.

SPECIALTY PROGRAMME

Jellybeans Music

This engaging series of music lessons is designed to get kids enjoying and experiencing music in a cost-effective way. Jellybeans music will introduce your child to music and foster a lifelong love and appreciation of music.

Let's Jam!

- Lessons can be tailored to each group and are led by a skilled music teacher who brings a full set of tuned and untuned percussion instruments including glockenspiels, tambourines, triangles and castanets.
- Enhances any private music lessons with an emphasis on rhythm, dynamics and structure of music.
- Age appropriate music written and arranged specifically for primary school age students.
- Children are engaged through singing, dancing, performing on instruments, and listening.

After one term children who participate in Jellybeans will be able to perform as a group two pieces of Jellybeans music well.
